

Waste Referral Response

Application Number:	Mod2024/0051
Proposed Development:	Modification of Development Consent N0440/15 for the subdivision of land and the construction of a residential development incorporating 81 dwellings and associated civil works and landscaping
Date:	14/08/2024
To:	Maxwell Duncan
Land to be developed (Address):	Lot 1 DP 5055 , 8 Forest Road WARRIEWOOD NSW 2102

Reasons for referral

This application seeks consent for the following:

- new residential works with three or more dwellings. (RFB's, townhouses, seniors living, guesthouses, etc). or
- mixed use developments containing three or more residential dwellings. or
- new subdivisions of three or more lots. (Private road and public road subdivisions) or

And as such, Councils Waste Management Officers are required to consider the likely impacts on drainage regimes.

Officer comments

Waste Management Assessment - Amended Plans (submitted 12/8/2024)
Supported - subject to conditions.

Additional conditions of consent have been added relating to use of the street level waste service bay.

Waste Management Assessment
Supported - subject to conditions.

The proposed modifications have one potential impact waste collection services.

The proposed "short term parking spaces" possibly need to be located further away from the driveway leading to the basement carpark.

The waste collection vehicles will be required to park on the road pavement adjacent to the driveway to empty the bins and remove bulky goods.

A minimum distance of 12.5 metres is required to park the truck and to undertake loading operations at the rear of the truck.

Existing Waste conditions of consent to remain unchanged.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Waste Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

Waste and Recycling Requirements

Details demonstrating compliance with Northern Beaches Waste Management Guidelines, are to be submitted to and approved by the Certifier prior to the issue of any Construction Certificate.

If the proposal, when compliant with the Northern Beaches Waste Management Guidelines, causes inconsistencies with other parts of the approval i.e. architectural or landscaped plans, a modification(s) to the development may be required.

Reason: To ensure adequate and appropriate waste and recycling facilities are provided.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Waste/Recycling Requirements (Waste Plan Submitted)

During demolition and/or construction the proposal/works shall be generally consistent with the submitted Waste Management Plan titled dated [INSERT].

Reason: To ensure waste is minimised and adequate and appropriate waste and recycling facilities are provided.

Waste/Recycling Requirements (Materials)

During demolition and/or construction the following materials are to be separated for recycling: timber, bricks, tiles, plasterboard, metal, concrete, and evidence of disposal for recycling is to be retained on site.

Reason: To ensure waste is minimised and recovered for recycling where possible.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

Garbage and Recycling Facilities

All internal walls of the waste rooms shall be rendered to a smooth surface, coved at the floor/wall intersection, graded and appropriately drained to the sewer with a tap in close proximity to facilitate cleaning.

Waste room floors shall be graded and drained to an approved Sydney Water drainage system.

Waste rooms shall be clear of any other services or utilities infrastructure such as gas, electricity air-conditioning, plumbing, piping ducting or equipment.

Reason: To prevent pollution of the environment, provide a safe workplace for contractors and residents and to protect the amenity of the area.

Waste and Recycling Facilities Certificate of Compliance

The proposal shall be constructed in accordance with the Northern Beaches Waste Management

Guidelines.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to the issue of an Occupation Certificate.

Reason: To ensure waste and recycling facilities are provided.

Waste/Recycling Compliance Documentation

Evidence of disposal for recycling from the construction/demolition works shall be submitted to the Principal Certifier prior to the issue of an Occupation Certificate.

Reason: To ensure waste is minimised and recycled.

Positive Covenant for Council and Contractor Indemnity

A positive covenant shall be created on the title of the land prior to the issue of an Occupation Certificate requiring the proprietor of the land to provide access to the waste storage facilities. The terms of the positive covenant are to be prepared to Council's requirements, (Appendix E of the Waste Management Guidelines), at the applicant's expense and endorsed by Council prior to lodgement with NSW Land Registry Services. Northern Beaches Council shall be nominated as the party to release, vary or modify such covenant.

Reason: To ensure ongoing access for servicing of waste facilities.

Authorisation of Legal Documentation Required for Waste Services

The original completed request form (NSW Land Registry Services form 13PC) must be submitted to Council for authorisation prior to the issue of an Occupation Certificate. A copy of the work-as-executed plan (details overdrawn on a copy of the approved plan) must be included with the above submission. A Compliance Certificate, issued by the Certifying Authority, shall also be provided in the submission to Council.

If Council is to issue the Compliance Certificate for these works, the fee is to be in accordance with Council's Fees and Charges.

Reason: To create encumbrances on the land.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

Use of Street Level Waste Service Bay

The street level waste service bay is only to be used for the presentation of bins and bulky goods for collection.

It is not to be used for the storage of any goods and other materials at any time.

The street level bin holding bay is not to be used for the permanent storage of garbage and recycling bins.

Reason: To ensure the appropriate presentation of bins and bulky goods for collection. To ensure access to bins and bulky goods by collection staff is not obstructed.

Presentation of Waste and Recycling Bins for Collection

Bins are to be available for collection from the street level waste service bay between 6.00am and 6.00pm on the scheduled day of collection.

It is the responsibility of the owners' corporation to transfer the waste and recycling bins between the resident use bin rooms (three locations) and the street level waste service bay.

The bins must be stacked in the waste service bay in a manner that allows collection staff unimpeded access to each material type separately.

Bins are to be transferred from the resident use bin rooms to the street level waste service bay no earlier than 4.00pm on the day prior to the scheduled day of collection.

Bins are to be transferred from the street level waste service bay to the resident use bin rooms as soon as possible after collection but no later than the evening of the day of collection.

Reason: To allow for efficient servicing of the waste and recycling bins.
