To whom it may concern

As a perennial customer of Hugo's Manly I vehemently support the Hugos Development Application to have additional outdoor seating at its restaurant.

Hugo's is an iconic Sydney restaurant loved the world over and this will only bring more people to enjoy all Manly has to offer.

Hugo's is one one of my favourite restaurants and holds many fond memories in my heart. Allowing Hugo's to grow and expand would bring much joy to the community.

Thank you
