I **strongly object** to DA [2020/0552 181](#) ALLAMBIE RD

This is Crown Land and a significant amount of disturbance would be created by this overdevelopment in a sensitive area. How could it not given where it is no matter how many safeguards you put in place.

We've all watched Manly Dam being eroded at the edges before by development that financially benefits a few but in the end takes away from all of us, forever.

As a long term resident on the Northern Beaches coming up to vv retirement, this kind of development is aimed at people like myself. We don't want to retire this way.

You've had sound objections put before you on the impacts to endangered wildlife, water quality and habitat. Clearance around the development for fire mitigation significantly increases the bushland that will be lost.

It's Crown Land. Leave it alone, for all of us and all the wild things we call our neighbours.
