RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

Disappointed by the Northern Beaches Council. There has been great lack of consideration for local residents and why taking submissions from people who don't even live in the same LGA doesn't seem right.

There have been no proper assessments for light and noise pollution. What about the traffic and parking assessments? It is already a very congested area at the weekend due to sport. It will get far worse if the evenings / nights are like that too. It is a residential area and there are several playing fields with lighting that are sufficient for evening sports, why do taxpayers have to spend more money on something that already exists?

Strongly oppose and object the proposal for lighting
