**RE: Mod2019/0654 - 1 / 5 Skyline Place FRENCHS FOREST NSW 2086**

We are strongly opposed to the height of this Building - Skyline Place.  
The building will affect the privacy of our properties backing on to Frenchs Forest Road.  
The existing buildings there now are only 4 stories and we retain our privacy by the many trees that have been there for over 40 years.  
Since the hospital - Bimbadeen Crescent is inundated with hospital staff cars everyday already.  
With this development  
it will only get worse with such a large complex being built on Frenchs Forest Road - as all the previous parking is now a clear Way.  
Bimbadee Crescent needs to be one way traffic towards Ilford Road to avoid further inconvenience and danger and safety to us as long term residents.  
Thankyou.
