RE: Dog Care and grooming business

Attention Kelsey Wilkes,

As the owners of [REDACTED] I would strongly oppose a dog day care centre as the extra traffic in an already congested carpark would not be in the best interest of other tenants. The other issue is noise and water as the complex is not metered individually so would therefor cause an extra bill to be shared by the body corporate and passed on to all owners.

Yours sincerely,

[REDACTED]

PS Owner info not to be passed on.
