RE: DA2018/1708 - 197 Sydney Road FAIRLIGHT NSW 2094

A maximum density boarding house has no place in Fairlight. It compromises the fabric and integrity of our suburb.

Residents of Fairlights have chosen to live here because our suburb has a thriving family population and a sense of community. Councils should be trying to work with us preserve this.

A transient boarding house is
not in keeping with the community focus

There is no infrastructure to support such a development, with Sydney rd already at breaking point and further pressure to come from the Beaches Link Tunnel.
