RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084

I have no objections to the redevelopment of the nursery but do have serious concerns about the driveway onto Myoora Rd. Firstly it is a school zone and also this is a narrow road which already suffers from heavier traffic due to the new hospital. At peak times, the buses take up a lot of space and parking on Myoora road on both sides has increased with hospital traffic and the Palms traffic. In addition a Veterinary hospital is also being built further up the road. With the works on Mona Vale road and increase in accidents, Myoora road is becoming a busy thoroughfare.

Thank you for considering this submission.

Kind regards,
Jacqui Mullen
