i am chairman of the oceangrove residents committee and wish to inform council of the support of a majority of residents of this development.

DWRSL have been very transparent in the planning phase and have given us presentations along the way as the development progressed.

They have been very professional along with the architect in ensuring any concerns were addressed

I have heard comments about increased traffic concerns which could not be further from the truth. Due to our wonderful location most residents only use their vehicles for long trips. also many residents no longer have vehicles.
