RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

This is bullshit if you think this is what whale beach needs! The northern beaches has enough blow ins as it needs. Whaley is meant for surfing and hanging at the beach, not some big complex that's going to attract blow ins and ruin the beach for the locals. Why ruin a local beach for people that have no admiration for the beach and just come only in summer
