Subject: Proposed development 1102 Barrenjoey Road Palm Beach. 2108

I strongly object to the latest plan submitted to Council for development of the above site.

The building is too big and would destroy the ambience of the area.

The view of the highly valued historic Barrenjoey House would be diminished and the feeling of a 'fishing village' would be lost.

I do not consider that the plan provides enough improvement to the amenity of the area for locals or visitors to justify overriding the development restrictions that apply.
