RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

Huge construction exceeding current height limits now setting the standard to build in the area!
We don't want the high building ruining and overcrowding the area!
What makes this developer so special that he gets the rules bent? He benefits from our loss at no addition to the local area.
Will Frenchs Forest become the new dee why?
Bins and rubbish on the street! Car parking will not be adequate !
A horrible mess is what this council is letting happen

Restrict it to the 8.5m and set the rules in place.
Do not accept bribes.
Do the right thing for the community.
