**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099**

Please consider my comments relating to my opposition to this project.  
The reserve and CurlCurl lagoon are area of environmental significance and need to be protected. Those are public places where telco towers don t belong. We have already marked our opposition to the project twice in 15 an 17 and yet the council keeps trying to impose it against the will of most residents. Please hear us again for good on this  
Kind regards Jean Dumas
