RE: DA2020/1233 - 68 - 90 Evans Street FRESHWATER NSW 2096

I am a member of the Harbord Diggers Club and have been for many years, we now live up on the Central Coast but my parents live in the new Complex at Watermark which they absolutely love. I know my mother in particular loves to play bowls and it was one of the factors when they decided to move into Watermark, they also love all the facilities they have including the wonderful gym and pool, residents lounge & home theatre area plus being able to go to the Club for meals which is so convenient for them.

I visit them often and I am so pleased to see that the Bowling green will be completed and fully support same as it will make such a difference for my mother who loves the social interaction that bowls gives her plus the gentle exercise which is so important to her health & well-being.

Sincerely

Lisa Harris
