RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106

As a competitor of Newport Surf Life Saving Club, I strongly support the movement to upgrade the surf club for multiple reasons as it will increase efficiency and resources for the opportunity to protect the community from the dangerous weather and surf conditions the beach may sustain. As a part of the 2nd ranked surf club in the Australian National Titles for our surf club to have less storage and space for the competitors than multiple clubs on the northern beaches besides the rest of Australia who we compete against is quite a bit of a slap in the face for this proposition to be shut down and believe it will do wonders for the community and the sport as a whole if the club is expanded.
