IMPORTANT NOTE

1. This plan was prepared for the sole purposes of the client for the specific purpose of producing a detail plan. This plan is strictly limited to the purpose and does not apply directly or indirectly and will not be used for any other application, purpose, use or matter. The plan is presented without the assumption of a duty of care to any other person (other than the Client) ("Third Party") and may not be relied on by Third Party.

2. RPS Australia East Pty Ltd will not be liable (in negligence or otherwise) for any direct or indirect loss, damage, liability or claim arising out of or incidental to:

- A. Third Party publishing, using or relying on the plan;
- B. RPS Australia East Pty Ltd relying on information provided to it by the Client or a Third Party where the information is incorrect, incomplete, inaccurate, out-of-date or unreasonable;
- C. Any inaccuracies or other faults with information or data sourced from a Third Party;
- D. RPS Australia East Pty Ltd relying on surface indicators that are incorrect or inaccurate;
- E. The Client or any Third Party not verifying information in this plan where recommended by RPS Australia East Pty Ltd;
- F. Lodgement of this plan with any local authority against the recommendation of RPS Australia East Pty Ltd.

3. The accuracy, reliability, suitability or completeness of any approximations or estimates made or referred to by RPS Australia East Pty Ltd in this plan.

4. Without limiting paragraph 1 or 2 above, this plan may not be copied, distributed, or reproduced by any process unless this note is clearly displayed on the plan.

5. Scale shown is correct for the original plan and any copies of this plan should be verified by checking against the bar scale.

6. The title boundaries as shown hereon were not marked at the time of survey and have been determined by plan dimensions only and not by field survey.

7. Service line contained are a combination of scaled plots from the records of relevant authorities and field location by CARNO AUSTRALIA. Prior to any demolition, excavation or construction on the site, the relevant authority should be contacted for possible location of further underground services and detailed locations of all service.

8. Service location is accurate to ±200mm for height, ±100mm horizontal. The RL of the points in the service layers are ground / existing surface levels. Approximate depths to the service are shown where recorded.

Where the location of services that are critical to design should be physically potholed on site prior to design and construction.

0 5 10 15
SCALE 1:250 (A1)

IMPORTANT NOTE
 1. This plan was prepared for the sole purposes of the client for the specific purpose of producing a detail plan. This plan is strictly limited to the Purpose and does not apply directly or indirectly and will not be used for any other application, purpose, use or matter. The plan is presented without the assumption of a duty of care to any other person (other than the Client) ("Third Party") and may not be relied on by Third Party.
 2. RPS Australia East Pty Ltd will not be liable (in negligence or otherwise) for any direct or indirect loss, damage, liability or claim arising out of or incidental to:
 A. Third Party publishing, using or relying on the plan;
 B. RPS Australia East Pty Ltd relying on information provided to it by the Client or a Third Party where the information is incorrect, incomplete, inaccurate, out-of-date or unreasonably;
 C. Any inaccuracies or other faults with information or data sourced from a Third Party;
 D. RPS Australia East Pty Ltd relying on surface indicators that are incorrect or inaccurate;
 E. The Client or any Third Party not verifying information in this plan where recommended by RPS Australia East Pty Ltd;
 F. Lodgement of this plan with any local authority against the recommendation of RPS Australia East Pty Ltd.

G. the accuracy, reliability, suitability or completeness of any approximations or estimates made or referred to by RPS Australia East Pty Ltd in this plan.
 3. Without limiting paragraph 1 or 2 above, this plan may not be copied, distributed, or reproduced by any process unless this note is clearly displayed on the plan.
 4. Scale shown is correct for the original plan and any copies of this plan should be verified by checking against the bar scale.
 5. The title boundaries as shown hereon were not marked at the time of survey and have been determined by plan dimensions only and not by field survey.
 7. Service line contained are a combination of scaled plots from the records of relevant authorities and field location by CARCNO AUS. Prior to any demolition, excavation or construction on the site, the relevant authority should be contacted for possible location of further underground services and detailed locations of all service.
 8. Service location is accurate to ±200mm for height, ±100mm horizontal. The RL of the points in the service layers are ground / existing surface levels. Approximate depths to the service are shown where recorded.
 Where the location of services that are critical to design should be physically potholed on site prior to design and construction.
