Subject: DA2021/1620 - 29 Moore Road, Freshwater

Our names are John. & Carina Aiello and we live in 35 Undercliff Road, Freshwater.

Our concern with the above mentioned DA number, is this further development is the quantity of people in the establishment at any one time and the noise level that this will cause, also, when the premises closes, the people disbursing around the neighbouring streets will cause a lot of noise and disruption, especially that a lot of these people leaving will be intoxicated and this has already been an issue with noise and littering so it will only get worse.

We have lived here for over 25 years and love the area and going to the venue but feel that the demographic and overdevelopment of the site does not fit into the Freshwater community.

Kind Regards,
John & Carina Aiello
