Subject: Pasadena Mod2021/0005

Dear Sir

I feel it is important that the nature of Thomas Stephens Reserve retains its community feel although some visual improvements to the area will be most welcome. These days it is generally looking tired and untidy and not at all in keeping with this jewel of Pittwater

However the more important issue is parking and this as you will be aware is ongoing. The area attracts visitors from all areas and weekend and evening parking continues to be a serious issue for offshore residents.

I would urge you to consider alternative public transport arrangements which could be partly or totally funded by the businesses which will benefit from the arrangement (The Waterfront cafe and Pasadena). Possibly a regular Shuttle bus from Mona Vale to Church Point

Hope that is helpful and look forward to a good outcome for all concerned

Regards

Rosemary Haskell
