I have stalls at a number of farmer's markets, including the Warriewood (Beaches) markets, so I know the area and customers well I also work with Organic Food Markets at their Orange Grove and Marrickville Markets. They are terrific operators and know how to assemble quality, artisan for d vendors, and provide a community atmosphere that is always highly beneficial to the neighborhoods in which they operate. A market in the area should be supported with open arms, since the benefits are many, and will make your own community stronger and more vibrant for it.
