**RE: DA2019/0278 - 1 / 1 Moore Road FRESHWATER NSW 2096**

RE:DA 2019/0278

I object to the proposal of this indoor rock climbing facility. I feel this is suited to an industrial area where noise and parking are not a problem.

The hours of operation are too long and music playing during these times would be horrendous. You have spoken about north facing windows but not any eastern facing windows. If there are any eastern facing windows I request that all glazing is double glazed and to be kept closed during times of operation. 5 Moore Road is only a few meters away from the proposed venue. As it is people using upstairs bathrooms are noisy and loud.

Thanks Carrie
