**RE: REV2019/0056 - 888 Pittwater Road DEE WHY NSW 2099**

The New Dee Why town centre does not need any more coffee and food outlets or kiosks.

There is enough competition amongst the current food and coffee outlets who are all finding it difficult in running their small businesses because of the high running costs in operating their businesses as well as too much competition and the lack of people using the town centre.

I object to the kiosks being approved for coffee or food.  
The kiosks could be leased as florists or other non food operators.

John Svinos
