RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

Hi Assessing Officer ... I am concerned because for some time now I have noticed that the rock / cliff face on the Bilgola Bends especially just before the roundabout into Avalon ... has been causing some rockfall .. I was going to ask council to look at it anyway and the thought that major works needed to build this place ,could further damage the stability ? ..
thank you for the opportunity to comment .
