RE: Mod2021/0226 - 615 Pittwater Road DEE WHY NSW 2099

Hi,

I strongly oppose to the submission of reduction of the car park of the proposed Boarding House.

The amount of parking per the amount of units is not sufficient and therefore will cause extra street traffic and with the current council assessment that parking should be stopped on May Road between Victor Road and Mooramba Road (Reference TrP2021/00273) this is going to cause severe issues. Let alone the further traffic and congestion this is going to cause on an already busy street as well as increase the risk if incidents.

Thanks
Rosina
