(i) BCA Compliance Assessment Report, Report No. 11120.2, Rev 1.0, dated 27.03.24

3.0 PURPOSE

To offer a confirmation of BCA access provisions compliance capability for the proposed development to accompany lodgement of a development application to Council.

4.0 DISCUSSION

AED can confirm that it has reviewed the amended architectural plans as referenced for the proposed public bar development.

Our assessment has determined that the proposed development is capable of complying with the applicable Performance Requirements of BCA 2022.

We do highlight, that *BCA Performance Solution(s)* will become necessary to address any deemed to satisfy non compliances, although such is considered to be achievable at the Construction Certificate phase.

5.0 CONCLUSION

The proposed public bar development, as identified in this statement, is capable of complying with the applicable Performance Requirements of BCA 2022.
