RE: Mod2019/0547 - 22 Jubilee Avenue WARRIEWOOD NSW 2102

Dear Assessing Officers,

I believe that the Mona Vale Organic Food market hours should be extended an extra hour, as the trading hours are too short and customers are complaining that they do not enough time to shop. This market is crucial for the area and also primary producers and farmers, as our state is currently in drought and being destroyed by severe bushfires. The store holders that attend this market rely on the community to support their small business by buying their fresh produce and artisan products. It would be greatly appreciated to all the store holders and most importantly the local community if you extended this market.

Thank you for your kind consideration.
