Subject: Submission RE: DA2021/2651 -92 Riverview Road AVALON BEACH NSW 2107

The amended Master Set plans submitted on 12th September demonstrate a significantly incorrect orientation of the building recently erected without a development permit amusingly referred to as a Cabana.

The orientation purports to suggest that it does not overlook the neighbouring residence at 88 Riverview Road and is misleading.

These plans need to be corrected before further consideration of the application.
