**Forestway Shopping Centre Forest Way FRENCHS FOREST – AMENDED PLANS
DA2018/1924**

Dear Sir/Madam

As a resident of Frenchs Forest I'm writing to object to the proposed Forestway Shopping Centre re-development.

The area has already suffered through many years of disruption due to road upgrades and hospital build. Traffic is again grid-locked in the rush hour and the proposed development would increase short term traffic with construction then in the longer term with users of the development.

Also the construction is next to Frenchs Forest Primary School and the students will continue to be disrupted with construction noise and pollution. The noise and dust control was not adequate during the road upgrades, and was not conducive to a healthy learning environment.

Regards
Andrew Osborne
