**Subject:** No requirement for General Terms of Approval and / or a Controlled Activity Approval (DA No: Mod 2019/0293) S961117042

Dear Sir/Madam

The Natural Resources Access Regulator has reviewed documents for the above development application and considers that, for the purposes of the Water Management Act 2000 (WM Act), general terms of approval and / or a controlled activity approval is not required, and no further assessment by this agency is necessary. Please refer to the attached document as to why this determination has been made.

Should the proposed development be varied in any way that results in development extending onto land that is waterfront land, or encompassing works that are defined as controlled activities, then the Natural Resources Access Regulator (NRAR) should be notified.

Further information on controlled activity approvals under the WM Act can be obtained from NRAR's website: [www.water.nsw.gov.au](http://www.water.nsw.gov.au), go to Water Licensing > Approvals > Controlled activities.

Please direct any questions to Natural Resources Access Regulator by email to [nrar.servicedesk@industry.nsw.gov.au](mailto:nrar.servicedesk@industry.nsw.gov.au)

Kindest Regards

Natural Resources Access Regulator
