

Morris Goding
Access Consulting

29 September 2022

Dear Peter,

RE: Palm Beach Boathouse – S455 Access Statement

This letter has been prepared by Morris Goding Access Consulting (MGAC) for Blue Pacific Constructions to support the S455 application for the Palm Beach Boathouse.

MGAC has reviewed and assessed the drawings and relevant documentation prepared in respect of the S455 application submission.

On this basis, MGAC is of the opinion that the minor design changes do not require any additional supporting information, analysis or commentary at this stage of the design and compliance with DDA Premises Standards and Australian Standards can be achieved.

Yours faithfully,

David Goding
Director
Morris Goding Access Consulting
