RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107

I live in the neighbourhood that this development is planned for. I understand we need to allow development and rebuild of properties but this exceeds a normal expectation of an area. There are already traffic congestion at peak times and at weekend it is hard to exit. The number of dwellings starts to change the very character of the community and the style of life we have.

Please do not allow this developer to ruin our community
