**RE: DA2019/1234 - 0 Wharves And Jetties MANLY NSW 2095**

Hi  
I am writing on behalf of my 92 year old Father  
I live in Goulburn  
I regularly stay with Dad in Manly and the current noise levels along the Esplanade after midnight on a Friday and Saturday night less than favourable  
I wish to support the shutting down of the proposed seating on top of the Manly Wharf  
- Manly doesn't need anymore large volume seating establishments where patrons over consume alcohol ,leaving the premasises in a roundly drunken state - fueling violence in Manly  
  
- I already have to pay \$200.00 to park of a weekend at Quest due to the lack of parking near Dads unit ; why would residents and Council encourage further pressure on the parking in The Esplanade prescient  
I encourage the Council to reject this submission to look after the residents of Manly
