**RE: DA2018/1924 - Forest Way FRENCHS FOREST NSW 2086**

Whilst we do not oppose the redevelopment of the Shopping Centre we totally oppose the latest proposal for access and egress from the site onto Grace Avenue as this scheme will have significant impact on the local neighbourhood streets. The residents of these streets are well aware of the impact of extra traffic as was experienced during the roadworks for the Northern Beaches Hospital road upgrades. We certainly do not wish to return to this scenario again where it was difficult to get onto Grace Avenue from our driveway and tempers were flaring on the one way chicane outside our property. We therefore request that access to and from the centre is from Forestway
