To Whom it May Concern

After inspection of the roof of the Uniting Church Belrose it is my opinion that the roof will constantly have issues with water ingress as long as the large gums is over the roof.

Due to the leaves blocking the gutters and valley and the branches that have fallen and broken tiles this is going to remain a problem.

I recommend that you contact council and request removal of the trees as they also are very close to the wall and will start damaging the integrity of the building.

For any further information please don't hesitate to contact me on 0419 612 759.

Kind regards
