To: The Planning Officer,

Reasons: for objections for Developer's Proposal

I have resided in Boondah Rd Warriewood for 9 years & have, due to the flooding impact, either from the Narrabeen Creek OR the Narrabeen Lagoon experienced a no exit or entrance & a cut off either end of Boondah Rd & McPherson Street. A scary situation in the dark.

Secondly: the unexpected bend on the southern end of Boondah Road is dangerous as it is..without extra traffic & pedestrians along that section!

I think green space in the form of extension of sporting fields is needed in this area.

Thanking you,

Robyn Pattison
