RE: DA2021/2567 - 60 Federal Parade BROOKVALE NSW 2100

I strongly object to the proposed increase in student numbers & proposed new car park due to the associated increase in traffic congestion.

Parents dropping off and picking up students has resulted in prolonged grid lock on surrounding roads. This has become increasingly worse over the 49 years that I have been living here.

Also, street parking is difficult during school term with both students & teachers taking spaces.

Any proposed increase in student numbers needs to include a better transport solution that doesn't involve promoting more cars. Providing additional car parking would encourage the use of cars over public transport.
