RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

It is not safe to have this tower at curl curl playground. This is a busy family area where children play sport, attend school and exercise. It is not wanted here. The research on the harm this close exposure will do to the health of those living and who are active in the area is extensive and we will do all that we can to ensure that this does not go ahead!
