Categories: DA2020/1756

Dear Rob Stokes and People in power,

It is with incredible sadness and indeed anger that I write how i feel about the development which has been approved. As a community we have asked you very seriously to consider the people of Newport as well as the vibe and beauty of our suburb. It appears that the people we vote for are not listening and are instead going with the developers yet again. Ah....Money speaks doesnt it?

Please look further into the unattractive design, the fact that there will be garage entrances and this wonderful streetscape will be destroyed. As a community, we use Robertson Road in a positive way - as a meeting place for the community to catch up, to enjoy eateries and shopping!

I find it appalling that there has been such lack of consultation and that this will impact on the future of our streetscape and our community.

It is infuriating that you have put the developers ahead of the community and are ignoring the needs of our community.

Sincerely

Marion Delprado
