RE: DA2020/0962 - 0 Wharves And Jetties MANLY NSW 2095

Dear Anne-Marie

I think most of this expansion of Hugo's will not cause too much dislocation to the use of the wharf however the additional seating out along the southern walkway likely to cause a conflict of use and result in the management of Hugo's attempting to restrict pedestrian traffic on this side of the wharf. It feels like creeping expansion with an extension to a past extension.

Kind Regards
Paul Gilet
