**RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107**

I oppose this development. The loss of trees will be of benefit only to the developer, not to the community. I expect my council to act to protect what is unique and irreplaceable about living in leafy Avalon. This is essential for a healthy and thriving local community. Our precious lifestyle should not be made subservient to particular commercial interests.
