To who it may concern,

I wish to express concern regarding the above project. My concerns are based on the potential repercussions of the proposal to vary operating hours. I do not believe that locals are aware of the modifications and therefore unaware of the consequences. I suggest that the community needs to be aware of the modification and that further discussion with the community is required .

I am unable to find anyone in the Community who are aware of this modification at this time,

Regards,

Christopher Cahill
