RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

The proposed development is completely out of keeping with
The beautiful Whale Beach aesthetic
It's unattractive and will completely dominate the site
No thought seems to have been given to designing a building to suit
The beautiful location, Rather more thought has been dedicated
To cramming as much concrete onto that site as is possible
The council should not be allowing this type of Massive
Over development into a small relaxed beachside suburb.
