RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

Traffic is a problem in this area and only getting worst as the new housing development are going up. I see that the traffic assessment was completed during covid lock down when schools were all but shut and the majority of businesses were working from home so I believe a new traffic assessment should be done to get a correct idea of the ramifications of a bus depot. We need more green space not a bus depot
