

PITTWATER COUNCIL DEVELOPMENT APPLICATION FORM

Office Use Only:

DA NO: _____

DATE RECEIVED: _____

2nd Floor, Unit 11, No 5 Vuko Place, Warriewood
PO Box 882, MONA VALE NSW 1660
DX 9018, MONA VALE
Facsimile: (02) 9970 7150
Telephone: (02) 9970 1111
ABN No. 61340837871
Email: pittwater_council@pittwater.nsw.gov.au
Website: www.pittwaterlga.com.au

Please note all documents lodged with this Development Application, including the Application form, are available for public access at Council's offices and on Council's web site

R0002/04

R0008/03

22/3/04

PRE-LODGE MENT

- Pre-lodgement discussion with staff is recommended.
- Discuss your proposal with your neighbours prior to design or lodgement.
- Carefully read the checklist and guide in this form and ensure that all required information and documentation is provided with your application.
- If written agreement from neighbours is not provided the application will be notified and 'stop the clock' will commence

LODGE MENT

- All information required by the check-list must be submitted with this application.
- Incomplete applications or illegible information will not be accepted by Council.
- All fees are to be paid at the time of lodgement.
- Please make an appointment to lodge your application. You may be delayed for an unspecified time if no appointment is made.

THIS APPLICATION IS FOR: (please tick)

- DEVELOPMENT CONSENT (Complying Integrated Designated See Page 3)
- MODIFICATION OF CONSENT Approval No _____ Approval Date _____
- CONCURRENT DEVELOPMENT APPLICATION AND CONSTRUCTION CERTIFICATE
Note: Prior to release of the Construction Certificate, the licensed builder's details or owner builder's permit no. must be provided

LOCATION OF THE PROPOSAL: (please print)

House No 11/13/15 Street/Road Orchard Road Suburb Warriewood

Postcode _____ Lot _____ Section _____ Deposited Plan _____

Present use of land or building _____

DESCRIPTION OF PROPOSAL / DETAILS OF THE MODIFICATION SOUGHT: (please print)

RE ZONING APPLICATION to Englem Row...

OWNER: This section must be signed by ALL owners

I/we consent to the lodgement of this application and permit Council authorised personnel to enter the site for the purpose of inspections.

Signature(s) *[Signature]*

- If the property has recently been purchased, written confirmation from the Purchaser's Solicitor must be provided.
- If contracts have been exchanged for purchase of the land, the current owner is to sign the form.
- If signed on behalf of a Company, the seal must be stamped over the signature.
- If the land is below mean high water mark, the written consent of the Crown is required.
- If the written consent is not signed by all owners of the property, this application will not be accepted.

WHAT IS THE ESTIMATED COST OF THE PROPOSAL: \$ N/A

Note: The estimated cost is the value of the works. It is the cost which would be incurred if a contractor carried out the works. This estimate must be supported by an actual quote contract price or independent estimate prepared by a suitably qualified person where a variation from Councils estimate of costs is sought. (See Attached Sheet)

APPLICANT DETAILS

For contact during application processing: (please print)

Name/Company Cochran Mowbray, SPAINVILLE MAR Fld
 Address 90 Po Box 356 Torrey Hill NSW 2071

 Phone () _____ Daytime Contact No () _____

APPLICANT SIGNOFF

I declare that all of the particulars and information supplied in connection with this application are correct and recognise that the application together with all supporting documents and plans will be made available to the public including availability through Council's internet site.

I declare that the estimate of cost of the project is the commercial value of the proposed works and is based on a properly prepared cost estimate or actual quote or contract competition price for the work.

I also confirm that this application has been prepared addressing the relevant Local Environmental Plan and Development Control Plan requirements.

I hereby certify that this proposal complies with the following numeric requirements of the relevant Development Control Plan (please tick the relevant issues)

- | | |
|--|--|
| <input type="checkbox"/> Site Coverage | <input type="checkbox"/> Building Height |
| <input type="checkbox"/> Boundary Setbacks | <input type="checkbox"/> Building Lines |
| <input type="checkbox"/> Solar Access | <input type="checkbox"/> Carparking |

Alternatively, where this application does not comply with these numeric requirements, I have provided a written justification in support of this proposal, addressing the aims and objectives of the relevant Development Control Plan

Further, I acknowledge that I am aware of my obligations under the Disability Discrimination Act.

THE APPLICATION PLANS, SHADOW DIAGRAMS, SURVEYS AND ENGINEERING DETAILS ETC. HAVE BEEN SORTED INTO SETS, FIVE SETS FOLDED TO A4 SIZE AND ONE SET LEFT UNFOLDED TO BE SCANNED INTO COUNCIL'S ELECTRONIC DATA MANAGEMENT SYSTEM

I understand that a false declaration may result in the refusal of this application

Signature _____ Date _____

NOTE: ELECTRONIC LODGEMENT

Following amendments to the Environmental Planning and Assessment Regulations, as from 1 January 2001, it is possible to lodge a Development Application with Council electronically. If you choose this option, Council will examine your application within seven working days to ensure that the application is complete and if satisfactory, will issue you with an invoice, including Council's B Pay Number and Biller Code reference. You are further advised that the application will be deemed to be incomplete pending receipt of the fees. Should the fees not be received within 15 working days of the date of issue of Council's invoice, the application will be returned to you.

TYPE OF DEVELOPMENT

Need HELP? Council Staff can assist you with this section at time of lodgment

COMPLYING DEVELOPMENT

The proposal may fall under this category if it is a low impact proposal with minimal environmental impact. (Refer to DCP No.22 – Exempt and Complying Development)

IS THE PROPOSAL COMPLYING DEVELOPMENT? *N/A* YES NO

Note: Where the proposal is for Complying Development it does not need to be notified or advertised and can be processed in a short time frame.

INTEGRATED DEVELOPMENT

The development may fall under this category if it proposes any of the following.

- The proposal is within 40m of a creek, river or foreshore
- The proposal involves dredging or reclamation in a waterway
- This proposal affects the quality of water flowing into a creek, river or waterway
- The proposal is adjacent to a mainroad
- The proposal includes the building of a dam, weir or levee
- The proposal draws water from a creek or river
- The proposal relates to a Heritage item or Heritage Conservation area
- The proposal relates to an Aboriginal Place or Relic
- The proposal relates to scheduled premises or scheduled equipment under the provisions of the Clean Air Act, 1961 or the Noise Control Act, 1975
- The land has previously been used for agricultural or industrial purposes and may be contaminated

IS THE PROPOSAL INTEGRATED DEVELOPMENT? *N/A* YES NO

Note : Where the application is found to constitute “ integrated development” The application will need to be referred to the relevant State Government body, Council will require payment of the statutory \$250 fee per referral at the time of lodgement of the application. All cheques are to be made out to the referral body/bodies, Council will arrange for the application and fee to be forwarded as required by the Legislation.

DESIGNATED DEVELOPMENT

The development may fall under this category if it proposes any of the following land uses

- | | |
|--|--|
| Agricultural produce industries | Electricity generating stations |
| Aircraft facilities | Extractive industries |
| Aquaculture | Limestone mines and works |
| Artificial waterbodies | Livestock intensive industries |
| Bitumen pre-mix and hot-mix industries | Livestock processing industries |
| Breweries and distilleries | Marinas or other related land and water shoreline facilities |
| Cement works | Mineral processing or metallurgical works |
| Ceramic and glass industries | Mines |
| Chemical industries and works | Paper pulp or pulp products industries |
| Chemical storage facilities | Petroleum works |
| Coal mines | Railway freight terminals |
| Coal works | Sewerage systems or works |
| Composting facilities or works | Shipping facilities |
| Concrete works | Turf farms |
| Contaminated soil treatment works | Waste management facilities or works |
| Crushing, grinding or separating works | Wood or timber milling or processing works |
| Drum or container reconditioning works | Wood preservation works |
| Schedule 3 of the Environmental Planning & Assessment Act contains additional advice on designated development | |

IS THE PROPOSAL DESIGNATED DEVELOPMENT? *N/A* YES NO

Note: Where the proposal comprises designated development additional detailed information is required and assessment times will be extended.

DEVELOPMENT APPLICATION LODGEMENT CHECKLIST

- The following table and check-list will help you prepare and lodge a complete application.
- Your application must score a tick in every applicable box on the right hand side of the checklist before it can be accepted by Council.
- If your Development Type is not listed in the table below or if it is "Designated Development", discuss the level of information required with our staff.
- Why is Council seeking this information? One of Council's fundamental objectives is to maintain the character of Pittwater by encouraging environmentally sensitive development, which has due regard to its setting, requires minimal site disturbance, achieves design excellence and is compatible with adjoining development and the area generally.
- Also read Council's "Environmental Values Statement" and any relevant Development Control Plans.

Note:

- This is a multi purpose guide. While all likely issues should be identified the guide may not cover all of the issues relating to a particular application. Council staff will contact you as part of the assessment process if additional information or details are required.
- Council's staff will assess your proposal and contact you should any additional information be required.

HOW TO USE THIS TABLE

- Locate your DEVELOPMENT TYPE in the left hand column.
- The letters in the column are the "checklist" items which must be submitted with your application.
- You may submit a concurrent Development Application and Construction Certificate Application.

| Development Type ↓ | <u>Development Application (DA)</u> | <u>Combined Development and Construction Certificate Application</u> |
|---|--|--|
| Single Dwellings, Additions | ① A B C D E F G H I J K L M N O T W U X | As required in Box ① plus P |
| Swimming Pools, Boatsheds, Jetties etc | ② A B C D E F G H I J O Q U V | As required in Box ② plus P |
| Multi-Unit Development - Flats, Townhouses, Dual Occupancies, SEPP No.5 Aged and Disabled Housing | ③ A B C D E F G H I J K L M N O P Q S T U V W X | As required in Box ③ plus P |
| New Shops, Offices, Restaurants, Service Stations Schools and Public Buildings | ④ A B C D E F G H I J K L M N O Q R S T U V W X | As required in box ④ plus P |
| Change of Use of Industrial or Commercial Premises | ⑤ A B C K H S | As required in box ⑤ plus P |
| Factory/ Warehouse | ⑥ A B C D E F G H I J K L M N O R S T U V W X | As required in box ⑥ plus P |
| Sub-division | ⑦ A B C G H I M Q T U V X | As required in box ⑦ plus P |
| Landfill/Earthworks | ⑧ A B C F H I M Q U V | As required in box ⑧ plus P |
| Signs | ⑨ A B C E H | As required in box ⑨ plus P |

THE CHECKLIST

- You should use the left hand column as your checklist, Council staff will check off the items in the right hand column.
- All of the details in the relevant sections must be included in your application, or it will not be accepted.

| YOUR USE | | STAFF USE |
|--------------------------|---|--------------------------|
| A | PLANS & SUPPORTING INFORMATION | |
| <input type="checkbox"/> | 6 Copies of plans including a site plan, elevations and sections, floor plans etc. to a metric scale. Plans must be legible professionally drafted and capable of being electronically scanned. Note: Plans can be supplied in PDF format (on disc) along with the hard copy. | <input type="checkbox"/> |
| <input type="checkbox"/> | 2 Copies of the plans are to show all proposed works in colour | <input type="checkbox"/> |
| <input type="checkbox"/> | Each sheet of the plans to show the street address, description of proposal, architect, engineer or draftspersons name, the drafting date, and a plan reference no. | <input type="checkbox"/> |
| B | NOTIFICATION PLANS Plans which are sent to neighbours, in all cases where surrounding neighbours have not agreed in writing to the proposal as submitted | |
| <input type="checkbox"/> | 12 Copies of a site plan and elevation are to show all proposed works in colour, A3size with all figured dimensions and notations clearly shown and legible. The plans are to show the overall height and external appearance of the proposal relative to the existing/finished ground levels as well as existing buildings on the site and on adjacent land. | <input type="checkbox"/> |
| C | SITE PLAN A plan view of the site showing existing and proposed buildings and the following information Minimum Scale 1:200 | |
| <input type="checkbox"/> | North point and all boundary dimensions of the site. | <input type="checkbox"/> |
| <input type="checkbox"/> | All existing/proposed buildings on the site and their setback or distance to the boundary; the location of windows and doors. Proposed additions to existing buildings are to be clearly identified (preferably coloured). | <input type="checkbox"/> |
| <input type="checkbox"/> | The position and canopy spread of any trees on the site on or near the construction zone – All trees to be numbered and those trees proposed to be removed clearly labeled "TREE TO BE REMOVED" | <input type="checkbox"/> |
| <input type="checkbox"/> | The outline of buildings on the adjoining sites, the setback or distance from the street and common boundary including the location of windows and doors. | <input type="checkbox"/> |
| <input type="checkbox"/> | Any easements or right of way easements or extensions affecting the site, existing/proposed stormwater drainage lines or watercourses. | <input type="checkbox"/> |
| <input type="checkbox"/> | Existing/proposed fences, swimming pools, retaining walls, driveways or parking areas, garbage or trade waste holding areas. | <input type="checkbox"/> |
| D | FLOOR PLAN An aerial view of the room layout on all levels, or storeys. Minimum scale 1:100 | |
| <input type="checkbox"/> | North point shown. | <input type="checkbox"/> |
| <input type="checkbox"/> | Room dimensions and use shown. | <input type="checkbox"/> |
| <input type="checkbox"/> | The location and dimension of all windows, doors and walls (including wall thickness). | <input type="checkbox"/> |
| E | ELEVATIONS A view of all sides of the building and the site profile. Minimum scale 1:100 | |
| <input type="checkbox"/> | All relevant elevations detailed and identified (i.e. north, south etc) with the proposed additions clearly identified. | <input type="checkbox"/> |
| <input type="checkbox"/> | Existing/proposed ground levels and all floor to ceiling heights. | <input type="checkbox"/> |
| <input type="checkbox"/> | Reduced levels (RL's) to Australian Height Datum (AHD) shown for all roof ridges, floor and ceiling levels for the existing/proposed building and those on adjoining sites, also street levels. | <input type="checkbox"/> |
| <input type="checkbox"/> | Roof profile, material, colour, reflectivity and eaves width are shown. | <input type="checkbox"/> |
| <input type="checkbox"/> | The outline of buildings on the subject site and adjoining sites. | <input type="checkbox"/> |

| YOUR USE | STAFF USE |
|--|--|
| F SECTIONS A cut through view of the building and site. Minimum scale 1:100 | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | <p>The outline of the existing and/or proposed building showing all dimensions including roof pitch.</p> <p>All sections labelled and cross related back to where they occur on the floor plan and site plan (including driveways and their proposed gradients).</p> <p>Existing and proposed RL's to AHD, for the building (ceiling and floor level) and the site showing proposed excavation or filling (if any).</p> <p>Construction details for wall, floor, window, door, ceiling, roof frame, type of footings and size.</p> |
| G DRIVEWAY SECTIONS Long section and cross section views of the driveway or accessway. Minimum Scale 1:100 | |
| <input type="checkbox"/> <input type="checkbox"/> | <p>Details of driveways, vehicle crossing profiles and transitions.</p> <p>Maximum driveway grade 1:4; maximum emergency pedestrian access grade 1:8.</p> |
| H STATEMENT OF EFFECT A written statement which assesses the proposal in terms of the site and surrounding properties. The statement must detail the ways in which negative consequences or impacts of the proposal can be minimised. Your statement may need to address the following:- | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | <p>Stormwater Disposal, Flooding, Landslip, Bushfire and other risks.</p> <p>Effect on the landscape, flora and fauna, archaeological aspects, streetscape or scenic quality of the locality.</p> <p>The amount of traffic generated, particularly in relation to the adequacy of existing roads.</p> <p>Vehicular access, on-site parking and the availability of public transport</p> <p>The social and economic effects of the proposal.</p> <p>Impact of the proposal on the amenity or character of the area.</p> <p>Design and external appearance of the proposal in relation to the site and the locality and its compatibility with surrounding development.</p> <p>Privacy, noise affects, solar access and view effect on neighbours and how these could be minimised.</p> <p>The siting and design of the building, including access for the disabled.</p> <p>Spillage from lighting, illuminated signage; glare from roof surfaces or door/window panels.</p> <p>The method and duration of excavation, quantities involved, disposal arrangements and soil erosion mitigation.</p> |
| <input type="checkbox"/> | <p>Impact on Heritage Item (if applicable) Heritage Conservation Management Plan</p> |
| I 6 COPIES OF SURVEY DETAILS A plan prepared by a Registered Surveyor which identifies all existing site features and improvements and existing ground levels. Minimum scale 1:100 | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | <p>1m contour intervals, trees, rock features, the adjacent road, location of services and easements, all site boundaries, a fixed datum point (related to AHD) and proposed building platform areas.</p> <p>The outline of buildings on the subject and adjoining sites and their setback or distance from the street, rear and common side boundary and the location of the windows and doors.</p> <p>The location trunk diametre and spread of all existing trees and vegetation on the site. The trees are to be clearly numbered on this plan for identification purposes.</p> <p>The level, to AHD of the roof ridge, window sill levels and floor levels of adjoining buildings.</p> <p>The height and location of the new building or addition relative to the existing and surrounding buildings.</p> |
| J SITE CALCULATIONS A list of Calculations comparing the application against the relevant Statutory Requirements Council's Development Control/Locality Plans. | |
| <input type="checkbox"/> <input type="checkbox"/> | <p>A comparison with the building or planning standards specified, indicating compliance or non compliance.</p> <p>Where the proposal does not comply with a standard, a statement why the application should be supported.</p> |

| YOUR USE | STAFF USE |
|--|--|
| K CARPARKING Information on the carparking on-site. Minimum scale 1:200. (This information can be included on the site plan or ground floor plan layout). | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | Carparking spaces, including their width, and length, aisle and ramp widths. Calculation of the number of carparking spaces; the areas included for the purposes of calculating. Parking bays for disabled persons, delivery vehicles, couriers or loading docks, where relevant. |
| L SHADOW DIAGRAMS Information on shadow effect on adjoining properties and any self-shadowing. Minimum scale 1:200 (This information could be included on the site plan). | |
| <input type="checkbox"/> | The outline of the existing/proposed building and adjoining buildings (where they fall within the shadowed area) and the shadow cast by existing trees on the adjoining properties. |
| <input type="checkbox"/> | The outline of the shadow cast by the proposed building during the winter solstice at 9am, 12 noon and 3pm. If the proposal involves demolition of an existing building, indicate the shadow cast by that building and the new building. |
| M LANDSCAPE PLANS Information on existing and proposed landscaping of the site. Minimum Scale 1:100. These plans are to be prepared by an appropriately qualified consultant. | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | At Development Application stage: An arborist's report (required where any significant trees or vegetation are affected by the proposal, particularly where works or excavation is proposed within the drip line of trees proposed to be retained). A landscape concept plan is required for all projects which increase the built upon area by more than 40m ² or which may impact upon significant or substantial trees or vegetation, including remnant bushland in non-urban areas a concept plan will be required for all disturbed areas. For sensitive sites, large scale developments or wildlife habitat or corridor areas, the following may also be required: A site analysis plan. A landscape strategy report. An environmental consultant's report. At Construction Certificate stage: <input type="checkbox"/> A detailed landscape working drawing which addresses the landscape proposals for the site, any prior conditions of development consent and includes the relevant recommendations of the previous consultant's reports submitted with the development application. The working drawings may need to be accompanied by the following:- An arborist's report / A grading and siteworks plan / A planting and siteworks plan/ A planting, hardworks and irrigation plan / A landscape specification / Details of a landscape works maintenance agreement or security bond and certification of the drawing(s) and accompanying documentation by a suitably qualified consultant. |
| N MONTAGE/MODEL A representation of what the proposal will look like relative to existing development. | |
| <input type="checkbox"/> <input type="checkbox"/> | A photo montage for any development with a value above \$350,000. A model showing architectural treatment and adjoining development for development having a value greater than \$600,000. Minimum scale of 1:200. |
| O SCHEDULE OF EXTERIOR FINISHES A SAMPLE of proposed exterior finishes | |
| <input type="checkbox"/> | Exterior finishes (existing and proposed) e.g. material and colour of roof, walls, paving/driveway. |
| P BUILDING SPECIFICATION Details of construction. | |
| <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | Two copies, detailing method of construction, fire ratings, type of materials, dimensions and length. Whether the material will be new or second hand. Give particulars of second hand materials. Details of drainage, effluent disposal, water supply, ventilation arrangements etc. |

| YOUR USE | STAFF USE | |
|--|--|--------------------------|
| Q FLORA AND FAUNA This information may be required check with Council Natural Resources staff. | | |
| <input type="checkbox"/> | Endangered species may occur - a Species Impact Assessment or Statement may be required. | <input type="checkbox"/> |
| <input type="checkbox"/> | Wildlife corridor – retention or planting of trees and/or shrubs is to be shown on a landscape / vegetation management plan. | <input type="checkbox"/> |
| <input type="checkbox"/> | Bushland – conservation of remnant bushland is to be shown on a landscape / vegetation management plan. | <input type="checkbox"/> |
| R ACOUSTIC DETAILS A report from an Acoustic Engineer. | | |
| <input type="checkbox"/> | Background noise levels established. | <input type="checkbox"/> |
| <input type="checkbox"/> | Projected noise levels from development models. | <input type="checkbox"/> |
| <input type="checkbox"/> | Comparison with Council or Environment Protection Authority standards. | <input type="checkbox"/> |
| <input type="checkbox"/> | Hours of Operation. | <input type="checkbox"/> |
| S ACCESS FOR AGED AND DISABLED | | |
| <input type="checkbox"/> | A report by a suitably qualified and accredited access advisor certifying that the proposed building meets the provisions of "Accessibility" control (in the case of SEPP No.5 developments the Compliance checklist for Access and Support Services as outlined in P21 DCP is to be completed.) | <input type="checkbox"/> |
| T DEMOLITION An application is required for this activity to satisfy "WorkCover" and safety requirements | | |
| <input type="checkbox"/> | Two (2) copies of the Site Plan showing the location of the building. | <input type="checkbox"/> |
| <input type="checkbox"/> | Soil sedimentation controls. | <input type="checkbox"/> |
| <input type="checkbox"/> | Details as to how the public will be excluded from the site during demolition | <input type="checkbox"/> |
| <input type="checkbox"/> | What machinery is to be used and hours of work? | <input type="checkbox"/> |
| <input type="checkbox"/> | Details of waste disposal site. | <input type="checkbox"/> |
| U HAZARDS Should the subject land be affected by the following Hazards relevant information will need to be provided. Review of the Relevant DCP / enquiry Council Counter staff can provide assistance in determining if these hazards may affect the land and the level of information required | | |
| <input type="checkbox"/> | Land Slip (Geotechnical Engineers Report Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Flood Prone (Floor level to comply with Councils requirements where stated otherwise a report by a Hydraulic Engineer) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Flood Prone watercourse or Overland Flow Path – (Hydraulic Engineers Report Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Bluff Area – (Geotechnical Engineers Report Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Wave Action/Tidal Inundation Coastal Process – (Coastal Engineering Report Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Bushfire Hazard – (Fire Consultant Report Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Contaminated Land – (Report by a Suitably Qualified Professional Required) SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Acid Sulphate Soils SEE NOTE | <input type="checkbox"/> |
| <input type="checkbox"/> | Excessive Excavation / Fill – Geotechnical Engineers Report required (see note) | <input type="checkbox"/> |
| V SILT & SEDIMENT CONTROL | | |
| <input type="checkbox"/> | A Silt and Sediment Management Concept Plan is required | <input type="checkbox"/> |

| | | |
|----------------------------|--|--------------------------|
| W ENERGY EFFICIENCY | | |
| <input type="checkbox"/> | A NatHERS Report prepared by an accredited assessor is required for new single dwellings, dual occupancies, multi unit and shop top housing, subdivision and major additions/alterations | <input type="checkbox"/> |
| <input type="checkbox"/> | An Energy Performance Statement is required for multi unit, shop top and dual occupancy development | <input type="checkbox"/> |

| | | |
|----------------------------|--|--------------------------|
| X ON SITE DETENTION | | |
| <input type="checkbox"/> | All residential properties identified as requiring on-site stormwater detention where proposed works increase the built upon area by more than 50m ² , will require submission of an on-site stormwater detention concept plan | <input type="checkbox"/> |
| <input type="checkbox"/> | A Concept Plan is required for all multi-unit developments, flats, townhouses, dual occupancies, SEPP 5 aged and disabled housing, new shops, offices, restaurants, service stations, schools, disabled housing, factory or warehouse and subdivisions | <input type="checkbox"/> |

NOTE:

Hazard – Consultant Report Requirements

The Report prepared by the designated consultant is to include the following:

- (i) Specify Architectural/Engineering Plans on which the assessment is based.
- (ii) Specify the date of site inspection.
- (iii) Certify that the appropriate investigation measures have been carried out.
- (iv) Provides the following certification

1. Landslip

Certification that the requirements set out in Council's Interim Geotechnical risk Management Policy for Pittwater have been complied with. This is to be achieved through submission of a Complying Report accompanied by completed forms 1 & 1a of that Policy.

2. Flood Prone

A Flood Report is to be submitted (meeting the requirements of DCP 30) where the Flood Planning levels (FPL) are not available from Council's Urban Infrastructure Unit or where the site is affected by High Hazard Flooding. The report is to address the safety of occupants of the property for the life of the development (taken to be 100 years unless otherwise justified).

3. Bluff Area

Certification that the requirements set out in Council's Interim Geotechnical risk Management Policy for Pittwater have been complied with. This is to be achieved through submission of a Complying Report accompanied by completed forms 1 & 1a of that Policy.

4. Wave Action / Tidal Inundation / Coastal Processes

That the proposed development together with existing development on the site and any occupants will be safe from the effects of wave action/tidal inundation and associated coastal processes over the economic life of the structures (taken to be 100 years unless otherwise stated and justified)

5. Bushfire Hazard

That the proposed development together with existing development on the site and any occupants will be reasonable protected from the impact of bushfire hazard in accordance specified by State Government through the relevant legislation and advisory documents.

6. Contaminated Land

Any occupants and users of the proposed development will be safe from the effects of land contamination over the economic life of the development.

7. Acid Sulphate Soils

That the proposed development together will not be affected by or cause any hazard associated with the existence of acid sulphate soils.

(V): The report should also clearly outline any necessary conditions of development consent or design and construction elements necessary to support the above certification.
