RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093

I have grave concerns that the DA , in its present form, will adversely affect the peace and tranquility of North Harbour. The berthing of 2 superyachts will have a visual impact as well and an impact on the fragile sea grasses. There has been no ecological assessment of the ongoing damage to the environment due to excessive wash. The noise generated by these yachts as well as the upgrade of the kiosk, and the increase of general traffic will greatly impact the serenity of the bay.

These yachts have no place in a tight channel and small bay.
