Subject: DA2020/0138 Submissionami

Northern Beaches Council
Attention: Planning Officer Catriona Shirley

Dear Ms Shirley,

Please accept my late submission regarding the proposed alterations and additions to my neighbour's property Lot 17 DP 23118 at 39 Starkey Street, Forestville. The reason for my late submission is due to my electronic connections, NBN, Telstra and my computer, were all damaged through the recent storm and lightning strike in our street and I am only back online in the past few days. Also, the current Corona virus crisis has meant juggling family and life priorities.

The above property adjoins the western side of my home boundary at 108 Cook Street, Forestville.

The upper story of the proposed house alterations shows a balcony overlooking my and neighbours back gardens, and to this I object, as we would lose privacy in our back gardens. I do not see that bi-fold sun shades, shown on the drawings, would negate our loss of privacy.

I seek assurance that the part demolition of the old fibro "studio" beside my fence, will be done in accordance with asbestos removal regulations.

Thank you.
Rose M. Loughnane
