Subject: DA 2019/0619 13A Ocean Rd Palm Beach

Hi Jordan Davies,

Thank you for ringing me back on Monday.

Thank you also for granting an extension of time to COB next Friday 26 July 2019 to make a submission about this DA as I need to consult more with family.

Regards
Hugh

Dear General Manager,

DA2019/0619

Lot 1 DP 121833

13A Ocean Rd, Palm Beach NSW 2108

Thank you for allowing an extension of time to COB today to make a submission concerning the above DA.

We are the owners of the next door property on the southern side being 13 Ocean Rd, Palm Beach.

We object to the current DA for the following reasons;

Proposed Inclinor

There is insufficient information on the proposed inclinor.

We are concerned at

- The noise of the inclinor particularly in the evening and during the night
- The visual form will detract from our views of the beach and headland from our back area and upstairs room.
- Not being consistent within the values of the Pittwater Local Environment Plan

Why not use the stairs which have been proposed?

Overshadowing

The plans indicate some new overshadowing on the northern side of our balcony on Drawing No DA07.1_B. What is causing this new overshadowing? The plan DA07.1_B states "No overshadowing to 13 Ocean Rd Property" which appears an incorrect statement.

Incorrect View lines on Drawing No DA06.1_B

The plans correctly show our upstairs room with a north facing window and balcony.

This window and balcony would look directly over the proposed development.

The plan fails to acknowledge the view line from this north facing window and balcony.

Loss of privacy

The proposed pool deck overlooks our back bbq area and over garage deck area.

Loss of amenity due to creeping development

The plans show the existing overshadowing which has been caused by the previous owner's renovation when our objection was not considered.

We are unwilling to suffer further loss of sun and amenity each time another DA is submitted for this property.

The screening trees beside our northern house wall

The screening trees beside our northern house wall with no windows are not required as this will further block sun onto our house.

Happy to discuss and/or meet on site.

Regards

Hugh Cooke
