RE: REV2022/0004 - 16 Bangaroo Street NORTH BALGOWLAH NSW 2093

My husband and I object to this current development application. We are long term residents of North Balgowlah, myself having grown up in North Balgowlah. My husband Peter works as a local relief GP and I am employed by Royal Far West in the capacity of casual Senior Social Worker. We do not know the development applicant or any of the residents in close proximity to the address for the applicant. We do however care about the safety and well being of residents in our local area. Regardless of the amendments to the development application the issue remains that this is an unsafe and inappropriate location for a child care centre due to the location near a busy roundabout on a hill and drive way that crosses over the public walking path. The pathway is used as a main walking thorough fare between Seaforth and North Balgowlah, by school children making their way to the local schools, people accessing public transport options, people exercising, and people going to the local gym or coffee shop at the bottom of the hill. Our objection is purely based on public safety concerns.
