**RE: DA2018/1667 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100**

Please do not approve this development. Build up on existing footprint of current buildings, stop attacking the wonderful Manly Dam. With all the droughts on one day may needed as essential water resource again. If you build on this land, it is gone forever, with the encroachment and loss of 9 hectares of Manly Dam for Manly Vale school we have lost so much already, our community cannot lose more precious bushland. Use a golf course, there are 15 of them on the Northern Beaches, 3 in a 5 km radius from Manly Dam just please lave Manly Dam alone, this area is being destroyed for no reason. Put aged care on old Manly hospital site. The whole community are all distressed by this new development.
