Subject: DA 2022/1975 (objections)

14 December 2022
Attention Thomas Burns
Re DA 2022/1975 - 231-233
McCarrs Creek Rd Church Point

I strongly object to this Development
This is in a very sensitive bushland area
Prone to Bushfires
and Landslip
Wildlife corridor
Too many trees are being removed Removal of over 90% of trees
Danger to traffic using MacCarrs Creek Rd especially motor bike riders & cyclists
who use this Road in large numbers
also any fencing would be very detrimental to all wildlife movements & habitat

I have lived in Church Point previously for many years and know this area very well

JOHN
