Subject: Development Assessment Mod 2022/0090-DA2020/0661 ATTN: Clare Costanzo

Submission re Modification No. 2020/0090- DA2020/0661
Lot7356 DP 1167221 Lot 7356/1167221 Huston Parade NORTH CURL CURL.

Dear Ms Costanzo,

I strongly object to the Modification Proposal to DA 2020/0661. This goes against the community wishes to reduce the visual impact of the proposed equipment platform and to offset carbon emissions in building this infrastructure. The proposed area is NOT utilised for public recreation and should be used for additional planting as originally proposed and agreed to. There is a lack of transparency as no documentation is provided from the Council Environmental Officer .

It continues to be very confusing that the DA address is Huston Pde, Nth Curl Curl with no reference to the actual location of the proposed tower.

Yours sincerely

Pam Rawling
